

Environmental Concern & Wetland Studies and Solutions present:

Wetland Boot Camp!

A Summer Institute for K-12 Teachers, Environmental Educators and Program Directors

Select one to five sessions:

August 6, 2012: 9am-4:00pm

WOW! The Wonders of Wetlands

WOW! introduces participants to wetland ecology through a study of the three parameters of wetlands: vegetation, soils and hydrology. Participants will also learn about wetland functions and values by utilizing K-12 cross curricular, inquiry based activities. Leave with a wetland resource guide with over 50 hands-on, multidisciplinary activities in lesson plan format, and ideas for student action projects. Cost: \$45.00*

August 7, 2012: 9am-4pm

POW! The Planning of Wetlands

Participants will learn the step-by-step process for creating or enhancing wetlands on school grounds or within the community. POW! guides participants through wetland design and construction with the goal of utilizing the habitat as an outdoor classroom. Leave with cross curricular activities that allow students to participate in the design, installation and monitoring of a schoolyard wetland habitat. Cost: \$50.00*

August 8, 2012: 9am-4pm

Wetland Plant ID: Know 'em and Grow 'em

This course provides educators with an understanding of wetland plant ecology and adaptations, and the resources to identify plant species in the field. Materials will also cover native and non-native species and planting tips. Educators will gain valuable tools to increase students' interest in wetland plants, and inspiration to construct schoolyard wetland habitats. Cost: \$40.00*

August 9, 2012: 9pm-4pm

Rain Gardens as Outdoor Classrooms

This one-day course introduces educators to the concept of rain gardens and their value as schoolyard habitats. Participants will understand how rain gardens benefit the environment by improving the watershed and how they can be used as an extension of the classroom. Participants will leave with the basic knowledge of how to plan, design and implement a rain garden from start to finish. Cost: \$40.00*

August 10, 2012: 9am-12pm

WOW! Facilitator Training

During this training (WOW! is a pre-requisite) participants continue their study of wetlands, practice additional activities included in the book, but not covered on day one, and learn the processes of leading WOW! Workshops, and protocols of the nationwide WOW! Facilitator Network. Cost: \$30.00

***Workshops are FREE to first four teachers from each of the following counties: Prince William, Fairfax, Fauquier, Stafford and Loudoun – compliments of Wetland Studies and Solutions!**

Space is limited. Please register by July 23, 2012.

All workshops will be held at Wetland Studies and Solutions, Inc,
5300 Wellington Dr, Suite 100, Gainesville, VA 20155
