

**Reissuance of the
General VPDES Permit for Discharges of Stormwater for Construction Activities
(9VAC25-880)**

SWCB Meeting – December 17, 2013

Errata Sheet

After the regulation was submitted for the Board meeting, EPA made additional comments on the draft. The following changes were made in response to those comments:

- Page 1, lines 19 and 20: After the definition of “Commencement of land disturbance” and before the definition of “Final stabilization” insert the following definition:

“Construction site” means the land where any land-disturbing activity is physically located or conducted, including any adjacent land used or preserved in connection with the land-disturbing activity.

- Page 2, line 6: After “temporary” insert “soil”.
- Page 2, line 9: After “purposes” delete “(e.g., pipelines across crop or range land)”.
- Page 3, lines 11 and 12: After the definition of “Measurable storm event” and before “9VAC25-880-10. Purpose” insert the following definition:

“Stabilized” means land that has been treated to withstand normal exposure to natural forces without incurring erosion damage.

- Page 21, line 12: After “temporary” insert “soil”.
- Page 39, line 14: After “temporary” insert “soil”.
- Page 75, line 8: After “permanent” insert “soil”.
- Page 75, line 9: After “permanent” insert “soil”.
- Page 75, line 17: After “permanent” insert “soil”.
